TO WHOMSOEVER IT MAY CONCERN

This is to certify that we had procured two nos. of High Pressure Triplex Plunger Pumps (Model HC 370R) from M/s. PressureJet Systems, Ahmedabad, against our P.O. No 707 dated 27/04/2005. We have successfully installed these pumps in our service station for car washing application. We have been using both of these pumps for 10 hours daily and 250 hours in a month (approx.). During the operation, their performance has been found quite satisfactory. At present, they are running absolutely without any problem. Further, we did not require to replace any plunger and its seal in both the pumps since the date of purchase. We are also quite satisfied with prompt and dedicated after sales services provided by them.

Due to the satisfactory result of these existing pumps backed by prompt services, we have also placed a repeat order for another two nos. of pumps (Same model) vide our purchase order no. 148 dated 31/05/06.

With Best Regards,

For INFINIUM TOYOTA
